

SAFETY ON THE CONSTRUCTION SITE

Safety on construction site concerns us all!
These guidelines are universally valid for all construction sites and must be adhered to (with signs or not)!

1 PROHIBITIONS

Be sure to adhere to the prohibitions on the construction site. Do not enter such areas as an unauthorized person and do not drink alcohol before or during construction work.

2 DANGER!

Worksites are potential sources of danger. Particular caution is required here! Be particularly careful!

3 PERSONAL PROTECTIVE EQUIPMENT

Your personal protective equipment includes: safety shoes, work gloves, mask, safety glasses, hearing protection and a helmet. Always wear suitable work clothing as well as safety shoes and other protective equipment if necessary or as instructed.
